Lectures and Seminars

Tuesday, December 1, 2009
Postdoctoral Seminar in Psychology and Medicine

Topic:
Promoting Adolescent Health: Preventive Screening & Interventions in Primary Care

Elizabeth Ozer, PhD
Department of Pediatrics, Adolescent Medicine, UCSF

The postdoctoral seminars consist of presentations by "Psychology and Medicine" faculty (two sessions for each faculty) focusing on their current research, how they came to study the questions they do, and what theoretical perspectives they bring. Speakers discuss where they are going and reflect on the process of research, including ethical issues, methodological or statistical challenges.

The seminars are open to UCSF graduate students, postdoctoral fellows and faculty.

8:30 - 10:00 am
UCSF Laurel Heights Campus
3333 California Street, Room 474

Location: Location: 1701 Divisadero Street, Suite 150, The Circle Room
Training in Research in Integrative Medicine (TRIM) is a post-doctoral program funded by NIH/NCCAM

The Center has three major programs: research, education, and patient care, all focused on integrative medicine. Since 2007, the Osher Center has offered a three-year, interdisciplinary fellowship program designed for physicians, behavioral and social scientists, and doctoral level CAM practitioners.

The Osher Center is currently accepting applications for the TRIM program.
