Opportunity for Someone interested in Ties between Income and Health

A group of researchers will be meeting in San Francisco at the Huntington Hotel from 9:30 on September 10th to 4:30 on the 11th. The purpose of the meeting is to present and discuss a set of papers written by teams of economists and medical scientists of various backgrounds on this topic.

The papers are to be developed into a volume on the topic. Participants include Nancy Adler, William Evans, Teresa Seeman, Amitabh Chandra, and Bobbi Wolfe. A draft program is available.

We are looking for a volunteer to

- Take notes from the discussion portion with a focus on the revisions to be requested of authors
- Serve as a link to the hotel should there be issues in terms of IT, copying, time for breaks and arranging for transportation to dinners and airports.

The volunteer is invited to contribute to the discussion and attend all meals with the participants. If interested or for more information, contact Nancy.Adler@ucsf.edu.
